

EKU Bike Etiquette

Bicyclists on public roadways assume all the same rights and responsibilities as automobile drivers, and are subject to campus traffic laws and ordinances. For everyone's safety, observe these bicycling rules:

- Ride the right side of the road in a straight path and allow space to maneuver road hazards
- Show hand signals when turning or changing lanes
- Use proper lane when turning
- Yield to pedestrians and ring bell or yell to make your presence known
- Maintain a bike with working brakes and properly inflated tires
- Use a white front light and a red rear light when riding at night
- Always wear appropriate safety equipment
- Park and lock your bike neatly to designated bike racks and allow room for others
